Education

University of Manitoba

Expected: Jun 2027

Bachelor of Science Major (Computer Science), Minor in Mathematics

GPA: 3.78 | Dean's Honor List (2024)

Skills

- **Languages:** Java, Python, JavaScript, SQL, C++
- **Tools:** FastAPI, Next.js, Git/GitLab, SQLite, Android Studio, Vercel
- **Concepts:** Agile Development, SDLC, REST APIs, Software Architecture, Databases, Software Testing

Projects

Full-Stack Semantic Search Application (Python, FastAPI, Cohere Embeddings, Next.js, Vercel)

- Developing a full-stack semantic search application using FastAPI, Next.js, and Cohere embeddings to retrieve contextually relevant information across indexed documents.
- Developing backend APIs and document-processing workflows while integrating vector search, real-time query handling, and scalable deployment through Vercel.

Campus Shenanigans Mobile Application (Java, Android Studio, SQLite, Git)

- Collaborated in an Agile team to develop a modular Android application for campus event management using a 3-tier software architecture.
- Implemented backend event-management workflows, SQLite persistence layers, and role-based application logic while contributing to scalable and maintainable application design.

Professional Experience

Grader/Marker – University of Manitoba, Winnipeg, MB

May 2025 – Present

(COMP 2140 - Data Structures and Algorithms, COMP 3580 - Application Security)

- Evaluate programming assignments and technical projects for 100+ students while providing constructive feedback on code quality, correctness, and problem-solving approaches.
- Collaborate with instructors and teaching staff to maintain consistent grading standards and support course delivery in fast-paced academic environments.

Grant Coordinator Intern – SettleEase Canada Foundation (SECA), Lethbridge, AB

Jun 2024 – Aug 2024

- Collaborated with cross-functional teams to support fundraising initiatives, maintain project documentation, and coordinate administrative workflows.
- Managed competing priorities in a fast-paced environment while strengthening organizational, communication, and teamwork skills.

Leadership and Extracurriculars

Internal Executive – .devClub, University of Manitoba

May 2025 – Apr 2026

- Supported collaboration and operations across a 13-member executive team while helping coordinate initiatives and improve internal communication.
- Represented the organization in meetings and contributed to planning initiatives that strengthened teamwork and cross-organization collaboration.

WiCS (Women in Computer Science), University of Manitoba

Website Committee

Nov 2024 – Apr 2026

- Collaborated with team members on website updates and content organization to improve accessibility and student engagement.
- Contributed to maintaining the organization's web presence while strengthening communication and collaborative development skills.

Outreach Volunteer

Nov 2024 – Feb 2025

- Mentored students through outreach initiatives and introductory programming activities, helping make technical concepts more accessible and engaging.
- Guided 50+ students in grades 5–8 through introductory game development activities using Pygame in collaborative workshop environments.
